

Monthly Safety Training

SPEED STATISTICS.

Speeding accounts for 29% of all traffic fatalities. 23% of large truck crashes occur when CMV drivers travel too fast for road/weather conditions.

SPEED LESSENS.

Speeding reduces necessary reaction time and increases chances of accidents and injuries.

SPEED RULES.

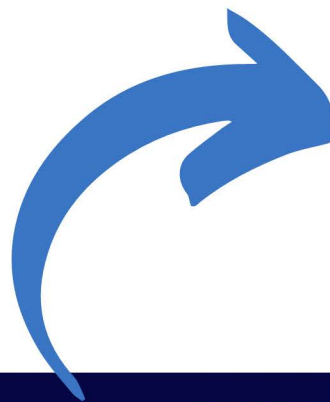

Always follow the posted speed limit signs. Adjust speed for environmental conditions like road wear, weather, traffic, and the load.

SPEED COSTS.

Speeding can lead to more than the cost of a ticket. Other costs include down time, loss of job, loss of license, increased vehicle maintenance.

SPEED KILLS.

False narrative = time is money. Better to lose a few minutes of your life than lose your life in a few minutes.

SPEEDING CHAOS

OCTOBER 2025
